CVM-200 Series Cylinder Vise and Mounting Stand

If you work on LPG cylinders, you need the CVM-200 Cylinder Vise and the CVM-200 Cylinder Vise Mounting Stand.

The Vise will firmly hold 12" to 14" diameter cylinders and comes with inserts for 5 gallon cylinders. Other inserts are available upon request, down to 4 inches. The easily adjustable snap-action latch locks cylinders securely into place.

* The Ransome CVM-200 Mounting Stand has a sturdy 20" x 24" base and stands approximately 3 feet for easy working access. As an additional feature to the stand a four level adjustable height support (as a safety precaution) has been added. This model also comes with a built on work tray for your convenience.

Approximate weight of Cylinder Vise mounted on stand: 135 lbs. Approximate weight of Cylinder Vise only: 60 lbs.

* **NOTE:** The CVM-200 Mounting Stand does not come with the CVM-200 Cylinder Vise unless ordered together as a unit.

- **Other inserts Available**
- **Firmly holds 12" - 14" Diameter Cylinders**
- **Easy Adjustable Snap-Action Latch**
- **Mounts on Wall or Post**
- **Optional Durable Steel Constructed Stand Sold Separately**
