RH240 Direct-Fired LP-Gas Vaporizer

Introducing the Newly Designed Ransome RH240 Direct-Fired LP-Gas Vaporizer!

Ransome's RH240 Series provides an economical, dependable source of Liquefied Petroleum (LP) gas vapor for a wide range of applications up to 240 gallons per hour.

The RH240 (240 gallon capacity) is one of nine different size options to choose from in our Direct-Fired Series line of Vaporizers.

RH240 units are completely self-contained and require no outside power source.

Installed optionally, the Ransome 9V Relight System protects against pilot outage due to unusually turbulent atmospheric conditions. Unit operated by four 9V batteries and two Solar Panels.

The 9V Relight System option is for use in the field where 110V line power is unavailable.

Selection Chart

If your max. propane load requirements are up to *				Height		Width		Depth		Shipping Weight		RANSOME MODEL
GAL/HR	MILLIONS OF BTU/HR	CF/HR	KG/HR	IN.	CM.	IN.	CM.	IN.	CM.	LB.	KG.	
240	21.96	8748	462	60	152.4	33	83.8	30	76.2	640	290	RH240

(1) Units may be paralleled to achieve greater capacities. NOTE: For usage with other gases, consult factory for sizing information. (i.e. C3H6, NH3, SO2, C12)
